FORMATS

SCRAMBLE

Each player tees off, chose the best shot and each player will play from that spot. Repeat this process until the ball is holed. 2 drives used by each player.

BEST BALL/BEST TWO OF FOUR

Play your own ball, use the best score made on each hole towards the team score. Gross &/or Net Scores.

NASSAU

Play your own ball, use the best 2 scores made on each hole towards the team score. Teams will compare their Front 9, Back 9, and Total scores. 3 separate games.

COLORED BALL

Each team will be given one colored ball. An individual player on the team will play the colored ball on each hole, the rest will play a scramble or best ball. Both scores on the hole will count towards the team's score (the colored ball score and the scramble /best ball score). The team can choose which order the colored ball is played, but every player must play the ball; then the order is repeated. The colored ball must be returned with your scorecard. If the colored ball is lost during play, your team will be disqualified.

1-2-3

Play your own ball, count 1 score on Par 5's, 2 scores on Par 4's, and 3 scores on Par 3's.

STABLEFORD POINTS

Points are awarded for your score on each hole on either a net or handicap basis. 1 point for a bogey, 2 for a par, 3 for a birdie, 4 for an eagle and 5 if you bag an albatross (fat chance). Anything worse than a bogey, pick up and stop wasting everyone else's time.

SCHAMBLE

Everyone tees off. You then pick a tee shot to play from. All players will then play their own ball from that point into the hole. The 2 best scores will be used on each hole toward the teams score. Must use 2 drives from each player.
